

Lease financing

Financing solutions for asset acquisition

DOMINUS CAPITAL

Product presentation

Construction machinery	Medical equipment	Office furniture	Office equipment	Industrial equipment	Others
Computer equipment and software	Hotel and restaurant equipment	Gym equipment	Power equipment	Safety equipment	

Advantages of acquiring assets through leasing

1

Financing in pesos (installment amounts stay the same)

2

Terms of up to 60 months

3

Monthly or quarterly installments are negotiable

4

100% financing (with no down payment)

5

Leasing transactions are not reported to the Financial Market Commission (CMF)

6

The installments are recorded as expenses, reducing taxable income

7

The assets are insured for the entire lease term

Additionally, financing is available for up to 30% of installation, renovation, freight, and labor expenses.

An option to finance investments with no upfront disbursement.
